

More division of money- now, it seems that everyone is really struggling with these, so this week the Letter From Sarah will cover how to do them. Love from Rachel :)

1. $45 \overline{) £87.38}$

2. $29 \overline{) £85.83}$

3. $50 \overline{) £66.05}$

4. $52 \overline{) £96.52}$

5. $56 \overline{) £39.20}$

6. $89 \overline{) £1.76}$

7. $96 \overline{) £40.02}$

8. $20 \overline{) £58.62}$

9. $96 \overline{) £84.78}$

10. $44 \overline{) £4.12}$

11. $53 \overline{) £15.37}$

12. $94 \overline{) £61.43}$

How to tackle these questions is covered in the free bundle of Internet Classes available through the web site:

Internet Classes - Free Classes - Long Division Lessons - Money Long Division
